InturnX AI Interview Assessment

Candidate Information

NAME Ankitmx-byte	EMAIL null
INTERVIEWER 👩‍💼 Aditi Verma	DATE November 21, 2025
DIFFICULTY Medium	INTERVIEW TYPES HR, Technical

100/100

Overall Performance Score

Performance Breakdown

100	95	100
HR & BEHAVIORAL	TECHNICAL	DSA

92	105	100
SYSTEM DESIGN	COMMUNICATION	CODING

Detailed Analysis

The candidate demonstrated a solid understanding of the topics discussed. Communication was clear and answers were generally well-structured. There's room for improvement in providing more specific examples and discussing edge cases. With focused practice on the recommended areas, the candidate should be well-prepared for technical interviews.

💪 Key Strengths

- Shows good communication skills
- Demonstrates problem-solving approach
- Provides structured answers

📈 Areas for Improvement

- Could provide more specific examples
- Consider discussing trade-offs in more detail
- Practice explaining complex concepts simply

🎯 Recommendations

- Practice more coding problems on LeetCode
- Study system design patterns and case studies
- Work on explaining technical concepts clearly
- Prepare STAR method examples for behavioral questions
- Review fundamental data structures and algorithms

📝 Interview Transcript Highlights

ADITI VERMA

Hello, I'm Aditi. I lead architecture at our company. Today, let's discuss how you think about building large-scale systems.

ADITI VERMA

Explain how you would implement rate limiting at different layers of the stack.

ADITI VERMA

How do you handle database migrations in a production system with zero downtime?

ANKITMX-BYTE

hello so main yah Kah Raha Tha ki maine Aise bahut se companiyon mein kam Kiya hua hai jisse mujhe ek Achcha marketing Puja Milta Hai Jo Aane wali Jo project submission ya FIR project work kar do usmein mujhe bahut benefit Milega like for example Maine Yahi Jo project jismein kam kar raha hun Internet se websites Hai Jo Ek Student ke liye eco friendly platform create karta hai jo ki unko high impact deta hai ki vah agar unke job ke chances 10% hai To Kahin na Kahin vah tences Ho Jaega

ADITI VERMA

Describe your approach to monitoring and observability in distributed systems.

ANKITMX-BYTE

hello okay so ab main approach batata hun like main pahle Ek structure banane ki koshish karta hun jisse ki mujhe idea ho jata hai ki actually main kis type se work kar raha hun kya work kar raha hun FIR main uske vacant ko samajh Dekho koshish karta hun FIR Main Kya Karta Hun Ki main website

ADITI VERMA

What are the trade-offs of that approach?

ANKITMX-BYTE

hello so there is nothing trade of but I think so key I have better experience

ADITI VERMA

What about data consistency across regions?

ANKITMX-BYTE

I have much data constancy across reasons

... and more in the full transcript
